Professional Summary

Results-driven Full Stack Developer with hands-on experience in the MERN stack (MongoDB, Express.js, React, Node.js). Proven ability to build, launch, and optimize user-centric web applications from concept to deployment. Adept at translating design concepts into responsive, high-performance front-end interfaces and robust back-end services. Demonstrated success in enhancing user engagement and platform efficiency, evidenced by contributing to a 40% improvement in content accessibility for over 500 users.

Technical Skills

- **Frontend:** React, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Responsive Design
 - **Backend:** Node.js, Express.js, Python
 - **Databases:** MongoDB, MySQL, Firebase
 - **Tools & Platforms:** Git, GitHub, VS Code, Netlify, Vercel, MS Office Suite
 - **Concepts:** REST APIs, Version Control, SEO, Debugging, Cross-Browser Compatibility, UI/UX Principles, Data Structures
-

Projects

Skill Swap Learning Platform | Web Developer & UI/UX Designer | August 2025 - Present

- Designed and developed a component-driven front-end architecture, creating over 30 reusable and dynamic UI components to ensure design consistency and scalability(Tech Stack – React/Tailwind CSS/Firebase).
- Engineered core application features, including a dynamic user dashboard and a real-time messaging system by integrating Google Firestore listeners for live data synchronization.
- Optimized front-end performance by implementing code splitting and lazy loading techniques, achieving a 35% reduction in page load times and a 20% increase in user engagement.

Freeway Study | Web Developer | Feb 2025 – Present

- Engineered a scalable educational platform serving over 500 students, successfully increasing content accessibility by 40% through an intuitive and responsive user interface(Tech Stack – React/Tailwind CSS).
 - Developed and deployed 4 core modules (notes, past papers, quizzes, contributor dashboard), which streamlined content delivery and reduced administrative overhead by 25%.
 - Implemented a dynamic metadata and structured tagging system to enhance SEO, directly resulting in a 15% increase in organic search traffic to the platform.
-

Education & Certifications

- **Bachelor of Computer Applications** | CCS University, Meerut | Expected Sep 2026
 - Secured 1st Rank in BCA 1st Semester with an aggregate of 84%.
- **Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate** | Oracle | 2025
 - Validated a foundational understanding of core concepts in Artificial Intelligence (AI), Machine Learning (ML), Deep Learning (DL), and Generative AI.
