Tools & Platforms: GitHub, VS Code, MS Office (Word, Excel, PowerPoint), Netlify, Vercel
Concepts: Responsive Design, Cross-Browser Compatibility, REST APIs, JSON, SEO, Debugging, Version Control, DS

Projects

Tree for Me (Web Developer & UI/UX Designer) | Nov 2024 – Jan 2025
- Developed an eco-conscious platform for sponsoring tree plantations using React.js and Tailwind CSS.
- Enabled real-time updates, secure registration, and responsive gallery module.
- Integrated image/video uploads with scalable architecture.

Freeway Study (Web Developer) | Feb 2025 – Present
- Built educational content platform for students using React.js and Tailwind CSS.
- Developed modules for notes, past papers, quizzes, and contributor dashboard.
- Integrated SEO and tagging system to enhance visibility and engagement.

Wedding Invitation Website (Web Developer & UI/UX Designer) | April 2025
- Created a responsive, personalized wedding invitation site with RSVP, schedule, and map integration.
- Ensured mobile-friendly and interactive guest experience.

Education and Personal Achievements

Bachelor of Computer Applications | CCS University, Meerut | Aug 2023 – Sep 2026
- Secured 1st Rank in BCA 1st Semester with 84%
- Ranked 1st in High School with 87%

Certifications

- **Full Stack Developer Bootcamp** – GeeksforGeeks (2024): Completed hands-on training in front-end and back-end development, covering HTML, CSS, JavaScript, React, Node.js, and database integration.
- **JavaScript Certification Test** – KG CODING (2024): Demonstrated proficiency in JavaScript fundamentals, including ES6 features, DOM manipulation, and asynchronous programming.
