

ABHISHEK KUMAR

Full Stack Developer (MERN · Next.js · TypeScript)

+91-9990012844 | <mailto:abhishek3107kumar2004@gmail.com> | linkedin.com/in/abhishekkumar3107 | github.com/Abhishekk3107 | Ghaziabad, India

EXPERIENCE

Stream Digital Services | Noida, UP

Software Developer (Internship to Full-Time Conversion) | Feb 2026 – Present

Junior Software Developer (May 2026 – Present)

- Full-Stack Optimization: Debug and optimize production-level React.js and Node.js applications; implemented code-splitting and component lazy loading to significantly reduce average page load latency.
 - Backend & API Engineering: Design, develop, and integrate secure REST APIs for new multi-tenant feature modules under senior developer guidance, adhering strictly to thin-controller and decoupled service layer architectures.
 - Workflow & Lifecycle: Maintain robust version control hygiene via Git (managing branching strategies, participating in peer PR reviews, and handling conflict resolution) within an Agile sprint team of 6 engineers.
-

Software Development Intern (Feb 2026 – Apr 2026)

- Technical Documentation: Spearheaded the comprehensive documentation of internal legacy APIs using Swagger UI, improving developer onboarding velocity and reducing integration queries by 30%.
 - Core Contribution: Maintained daily communication with project leads to resolve high-priority application bugs, map database requirements, and successfully earned a full-time engineering conversion within 90 days.
-

Glodias Tech | Remote

Full Stack Developer Intern | Dec 2025 – Jan 2026

- Modern Frontend Architecture: Built highly responsive, animation-rich web applications utilizing Next.js and Sanity CMS, optimizing media assets and utilizing Server-Side Rendering (SSR) for seamless visual performance.
 - State & Data Management: Integrated complex REST APIs and engineered asynchronous data-fetching routines, leveraging optimized global state management patterns to prevent redundant component re-renders.
 - Agile Quality Assurance: Actively contributed to front-end performance audits, component unit testing, and collaborative team code reviews across 2 full Agile sprint cycles.
-

PROJECTS

Freeway Study (Ed-Tech Platform) — MERN Stack · JWT Auth · Role-Based Access

- Architected and deployed FreewayStudy.tech, a full-stack ed-tech platform built with the MERN stack, featuring responsive design across all device breakpoints.

- Built core modules (notes, past papers, courses, dashboard) with reusable component-based architecture, reducing administrative overhead by 25%.
- Scaled the platform to 500+ active students, improving content accessibility by 40% through intuitive UI/UX and optimized API response times.
- Implemented JWT-based authentication and role-based access control for student and admin dashboards.

AskAI Chatbot — *React · JavaScript · Groq API · Google Gemini API*

- AI-powered conversational chatbot with REST API integration (Groq + Gemini), optimized asynchronous state management, and real-time streaming responses.
- Reduced average response latency through debounced request handling.

SkillsSwap — *React · Firebase · Vite · REST API*

- Scalable skill-exchange platform featuring profile creation, swipe-based peer discovery, real-time data sync, and Firebase authentication.
- Implemented responsive design for seamless mobile and desktop UX.

TECHNICAL SKILLS

Languages:	JavaScript (ES6+), TypeScript, C, C++
Frontend:	React.js, Next.js, Tailwind CSS, Responsive Design, State Management (Redux, Context API)
Backend:	Node.js, Express.js, REST API Design, JWT / OAuth
Databases:	MongoDB, MySQL, SQL Server (SSMS), Firebase
API Tools:	Swagger/OpenAPI, Postman
DevTools:	Git, GitHub, VS Code, Vercel, Render, Netlify, CI/CD pipelines
CMS:	Sanity CMS
Core CS:	Data Structures & Algorithms, OOP, DBMS, OS, Software Engineering
Soft Skills:	Problem Solving, Agile/Scrum, Team Leadership, Self-Learning

EDUCATION

Master of Computer Applications (MCA) Galgotias University Online Expected 2028	2026 – 2028
Bachelor of Computer Applications (BCA) IAMR Group of Institutions 81.83%	2023 – 2026
Senior Secondary (XII) Shri Sanatan Dharm Inter College 78%	2022 – 2023
Secondary (X) Shri Sanatan Dharm Inter College 86.83%	2021 – 2022

ACHIEVEMENTS & CERTIFICATIONS

- Ranked 1st in semesters 1, 2, 3, and 6 of BCA, maintaining scores above 80% throughout.
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate — validated knowledge of AI, ML, Deep Learning, and Generative AI concepts.
- Built and shipped 4 production-grade projects independently, each with live demos and public GitHub repositories.
